- Application of Robotics

JROTC

The Junior Reserve Officer Training Corps (JROTC) is a federal program sponsored by the United States Armed Forces in high schools across the United States and United States military bases across the world.

The goals of JROTC are to instill in high school students ethical values, good citizenship, leadership potential, effective communication and logical thinking. The course teaches a historical perspective of the military services, skills to work as a team member, and provides motivation to graduate from high school and pursue a successful career.

JROTC I, II, III, IV offered in 9th-12th grade
