

2025 – 2026

Virtual Learning Program

Overview

ZVLP is an alternative to traditional public school, where students access standards-based courses facilitated by highly qualified/certified instructors online. Courses can be completed through a varied pace curriculum that is solely aligned to an individual student's ability. Your student's school counselor will provide an individualized study plan. Ex: honors, College Readiness, Jumpstart. The courses can be completed anytime/anywhere and are progress monitored through a series of benchmark tests as well as a culminating exam that proves mastery of the content. All courses enable the student to be in direct contact with their facilitator through email, phone, Zoom, and/or face-to-face interaction.

Criteria

- Zachary Community School District student
- Complete the application
- 2.0 GPA
- Non-truant
- Discipline Review (consideration on a case-by-case basis)

Target Audience
