At-Home Resources

English Language Arts

The most important thing that students can do from home is READ, READ, READ. The following are options for reading at home.

<https://www.ebrpl.com>

The East Baton Rouge Parish Library offers options for digital access for FREE. The following video is an explanation from one of our teachers about how to access this from home.

[20200313_202051000_iOS.MOV](#)

<https://www.ebrpl.com/kids/>

The East Baton Rouge Parish Library offers a special site for kids. Students have access to games, resources, museums, and so much more.

<https://www.getepic.com>

Epic offers popular children's titles. Some are read aloud and have quizzes and other activities included. Epic is \$7.99/month but has a free 30 day trial period.

www.razkids.com

This site from Learning A-Z is designed for students from Kindergarten through fifth grade and has a free trial

www.starfall.com

Starfall is a free platform that creates experiences where children have fun while learning

Math

www.zearn.org

Students should all have username/password info. If you have trouble accessing Zearn, please contact your child's teacher. Zearn follows along with our math curriculum. Unfortunately, Kindergarten students have to start all the way back at Module 1 lesson 1.

www.ixl.com

Students should all have username/password info. If you have trouble accessing Zearn, please contact your child's teacher. Students can self-select what they would like to work on with parent guidance

PE/Movement

www.gonoodle.com

These are some of our students favorite lessons to do at school. Designed for movement and mindfulness these videos are created by child development experts.

Science/Social Studies

The following are fantastic options for digital classroom/enrichment opportunities.

www.scholastic.com/learnathome

Scholastic is offering 20 days of exciting articles and stories, videos, and fun learning challenges. Children can complete them anytime, in any order. They can work on their own or together with you and your family.

<https://kids.nationalgeographic.com/>

National Geographic offers some wonderful topics for students to explore on their own with videos, games and some REALLY cool stuff.

<https://jr.brainpop.com/>

You can request free access and have fun exploring age appropriate videos with extension ideas to support even more learning.

<https://mysteryscience.com/school-closure-planning>

Mystery Science is offering free, easy science lessons designed to engage students with a short lesson that you can complete digitally or full lessons that include an activity done with simple supplies that you already have at home.
