## English I/English I Honors

### [www.edulastic.com](http://www.edulastic.com)

Online assessment database where students are able to take practice assessments in the format of the LEAP2025. The teacher has to assign the ready made assessments. The students are able to see the correct answers to the questions missed, and they can see their strengths and weaknesses according to the standards. (For students who have never used the system they can sign up with their 365 email but will need a class code from the teacher to see assessments).

### [www.noredink.com](http://www.noredink.com)

This is grammar practice. Students are able to take a diagnostic grammar test to identify their weaknesses. The system then gives them a mapped out plan of learning based on the diagnostic test. The students are allowed to choose their personal interests so that the practice questions include content that relates to their personal interests. There is also a writing component that students can use to practice different elements of the writing process. Students sign up and login using their 365 email.

Teams- The teacher can post practice and review material for students to work on and submit via the Teams App.

Eng II Username: Eng2  
Password: teach2025

## English IV-AP and English IV

### READ-READ-READ

The below link is to the College Board website that shows all the past AP exam essay prompts and passages (poem analysis, prose analysis, and the open question). I would encourage any student who wants to practice for the exam to work their way through these prompts. They will have 40 minutes on exam day to read, analyze, and write about the material presented to them, so the more exposure and practice they get, the better.
