

ZACHARY COMMUNITY SCHOOL DISTRICT

SCHOOL IMPROVEMENT PreK-8 PARENT INPUT 2021-2022

The Zachary Community School District is inviting parents to participate in improving our schools by learning about and contributing to our school improvement plans.

We want to hear your ideas and suggestions about utilization of federal funds and our school improvement efforts. Our schools utilize federal funds in the following areas: parental involvement activities, in school and after school tutoring, remediation, credit recovery, curriculum, supplemental instructional materials, and professional development.

Let's work together to assist every student in reaching his or her maximum potential.

Please give suggestions or comments pertaining to the areas below.

School Improvement Plan
(Recommended areas to be addressed)

Suggested Parental Involvement Activities

School-Parent Compact

Parental Involvement Policy

Utilization of Federal Funds
