

ZACHARY COMMUNITY SCHOOL DISTRICT

ACCELERATION PROGRAMS

The Zachary Community School District is dedicated to providing academic & behavioral support to ensure all students develop the skills needed to succeed.

SCHOOL BASED INTERVENTION

What is RTI?

RTI is a process that provides high-quality research based instruction and interventions that are matched to students' academic and behavioral needs based on universal screening.

What is the purpose of RTI?

The purpose is to address students' learning difficulties by focusing on how schools identify and respond to students' academic/behavior difficulties by using a problem solving, multitiered intervention strategy.

What are the potential benefits of RTI?

The RTI approach is a proactive measure that promptly assists students at their level of need within the general education setting.

Each school has a RTI team. The purpose of the team is to assist the teacher. The team suggests additional strategies if needed and/or determines if the student needs to be placed in one of the tiers based on results of progress monitoring.

SUMMER SCHOOL

- K - 8th grade and High School Remediation
- High School Credit Recovery
- Extended School Year (ESY) for students with disabilities

ACADEMIC SUPPORT

- In-School Tutoring
- After-School Tutoring
- Reading and Mathematics Labs
