Primary Care Doctor

A primary care doctor can see you for most of your care, from routine checkups to when you get sick or hurt.

BlueCare

See a doctor online 24/7 when you have a minor health issue. It takes just minutes and you don't have to leave home or the office.

Urgent Care Center

If you have an illness or injury that you need to have looked at quickly, but it's not an emergency, these centers have doctors and providers who can treat you. Most urgent care centers have night and weekend hours, and the providers there can often do X-rays, lab work or stitches.

Emergency Room

If you have a life-threatening or serious illness or injury, call 911 or go to the nearest emergency room.
